

Table 1: Top_Management

Attribute	Data Type	Domain Definition	Description	References	Example
Name	varchar	Size:25			Dr. Top Manager
ManagerId	char	Size:3, Range M01-M25			M16

Table 2: Organizer

Attribute	Data Type	Domain Definition	Description	References	Example
OrganizerId	char	Size:5, Range OR001-OR999			OR999
OrgType	Varchar	Size:10			External
NoOfEvents	int	Range: 1 to 3			3
ManagerId				Top_Management	

Table 3: Facilities

Attribute	Data Type	Domain Definition	Description	References	Example
FacilityCode	char	Size:4, Range F001-F999			F45
FacilityType	varchar	Size:20			Lecture theaters
NoOfSeat	int	Range 30-550			35
Status	char	Size:7, value Open or Block			Block
EventId				Event	
BlockDate	Date	Range from now			Format: yyyy-mon-dd

Table 4:Event

Attribute	Data Type	Domain Definition	Default	Description	References	Example
EventId	char	Size:6, Range EV1001-EV9001				EV1011
EventType	varchar	Size:10				seminar
ManagerId					Top_Management	
EventDate	Date	Range from now				Format: YYYY-mon-dd
StartTime	Date/Time	Range from now				Format:

						yyyy-mon-dd hh24:mi
FinishTime	Date/Time	Range from now				Format: yyyy-mon-dd hh24:mi
ApprovalStatus	char	Size: 1, value Y or N	N			Y
EventStatus	varchar	Size:10, Range Cancelled/Up coming/Ongo ing/Done				Ongoing

Table 5:Rent

Attribute	Data Type	Domain Definition	Description	References	Example
RentNo	Char	Size:6, Range RN1001-RN9001			RN1001
OrganizerId				Organizer	
EventId				Event	
Amount	int	500 to 50000			550
PaymentStatus	char	Size:8, value= Pending or Done			Done

Table 6: Feedback

Attribute	Data Type	Domain Definition	Description	References	Example
FeedbackNo	Char	Size:6, Range FB1001-FB9001			
OrganizerId				Organizer	
FeedbackType	varchar	Size:20			lighting exposure
FeedbackDetails	varchar	Size:25			Inadequate
EventId				Event	
FacilityCode				Facilites
